

## Strategic Plan 2018 - 2023

**Our Vision:** Comprehensive support for the Australian Angelman syndrome community

**Our Mission:** To support, inform, educate, network, promote research and to advocate for families affected by Angelman syndrome

### Promote research

- Promote Global Angelman Registry
- Collaborate with FAST
- Promote research that improves quality of life outcomes for people and families living with AS

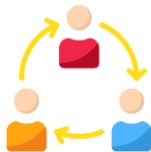

### Advocate

- Raise awareness of AS and ASAA across organisations
- Advocate for the needs of AS community
- Support State based associations to develop AS clinics
- Advocate for the need for AS adult healthcare services

### Educate

- Update the ASAA brochure
- Develop infographic leaflet with FAST
- Educate NDIS/LAC planners on AS
- Develop NDIS Guide for AS for families

### Network & Inform

- Promote National Biennial Conference
- Develop Media kit to promote AS to government and healthcare bodies
- Provide 6 monthly newsletters to members
- Refresh ASAA website and mobile device access

### Support

- Understand our members' needs
- Develop state-based family and sibling support programs
- Develop resources for families – 'Beyond Diagnosis – A survival guide for AS'
